<p>CFDCCO has done extensive work helping to establish a private capital, impact investment fund called Liime Capital Corporation that aligns well with the core of the CFDC network. This development work has helped CFDCCO forge deep connections to strategic organizations in the region and to position itself as a leader, manager and administrator of impact funding in the region. The activity has increased our CFDCCO loan fund activity in these types of businesses and help to achieve the \$1.977M lending that was done in 2019-2020 year. With rebuilding of the region following the COVID-19 pandemic, CFDCCO will have more resources and tools for supporting the impact-oriented businesses that will help make the region a more sustainable and dynamic region.</p>
